Road closures on Sunday 4 August

On Sunday 4 August, there will be an impact on traffic in large parts of London and across Surrey. Roads used by the event will be closed so you'll need to plan your travel in advance.

The roads that make up the routes in Surrey will begin to close from 05:00. This is to allow time for barriers to be installed, safety checks to be carried out and stewards and volunteers to get in place.

Temporary rolling road closures

Temporary rolling road closures will be used for the Prudential RideLondon-Surrey Classic wherever possible in Surrey to reduce the impact of road closures on residents and businesses. Once the last cyclist in the Prudential RideLondon-Surrey 100 has passed over Hampton Court Bridge, roads will begin to reopen, through to Forest Green.

Later in the afternoon, reopened sections of the routes being used for the Prudential RideLondon-Surrey Classic professional race will be managed by rolling road closures. This involves using a motorcycle escort team to temporarily hold traffic while the race passes. This reduces the impact of road closures on residents and businesses.

On the rest of the roads used for the event routes, it will not be possible to operate rolling road closures due to event timings. These roads will remain closed for the entire event period, with roads reopening as soon as it is safe to do so, after the Prudential RideLondon-Surrey Classic race has passed through.

Prudential RideLondon-Surrey Classic circuits

The professional race goes over Hampton Court Bridge and through Walton-on-Thames, before going via Weybridge and Ripley to Abinger Hammer. From there, it travels through Dorking before undertaking a series of circuits of Box Hill.

After the descent from Box Hill, the professionals race through Leatherhead and Oxshott. They then make their way to Esher and Thames Ditton before travelling back into central London via Kingston upon Thames.

Prudential RideLondon-Surrey 46

The Prudential RideLondon-Surrey 46 is specifically for younger or less experienced cyclists that would like a shorter challenge on traffic-free roads. The event follows the same route as the Prudential RideLondon-Surrey 100 for the first 27 miles then travels for two-miles along Hampton Court Way to the Scilly Isles, before rejoining the last 17 miles through London to the finish on The Mall.

Reduce the risk of disruption to your business by planning ahead.

Although roads will be closed to traffic, the road will still be used by bicycles and event vehicles during the closure period. Please take additional care, looking in both directions
