## **EMERGENCY SERVICES**

Emergencies will be treated as a priority in the usual way. If you require the emergency services, call 999. Emergency vehicle access will be maintained and prioritised throughout all of the Prudential RideLondon events.

Planning for Prudential RideLondon involves the police, fire and rescue services, ambulance services, local hospitals and other critical welfare services.

## **ON THE DAY**

Stewards and volunteers will be positioned along the route. If you require assistance on the day that is not a 999 emergency, please ask the event staff who will be able to help or escalate issues if necessary. Alternatively, contact our Customer Services team on 0345 894 9773.

## **COMMUNITY WELFARE**

Prudential RideLondon works with a wide variety of care providers across the entire route in order to plan for the impact of road closures on Sunday 4 August. If you are unsure about care provision on the day or have private arrangements, please contact our Customer Services team so we can help you plan appropriately.

## **SAFETY**

Pedestrian crossing points are located along the event route. These will be supervised to help pedestrians cross the road throughout the event. Please note that some existing pedestrian crossings may be suspended, but an alternative, where it is easier to cross, will be clearly signed.

Although roads will be closed to general traffic, there will be bicycles and event vehicles using the road during the closure period. Please do take additional care, looking in both directions when crossing the road or accessing and exiting your property, particularly if there is no footway. In certain locations, stewards will be available to assist you.

We thank you for your patience during the event. Please listen to instructions given by our stewards and volunteers.
